

Wild type Human Alpha-synuclein Mouse (The Jackson Laboratory)

Animal Model:

Wild type Human Alpha-synuclein
Mouse

Expression Levels / Over

Endogenous:

TBD

Available Through:

JAX Labs

Phenotype-Behavior:

TBD

Strain Name:

C57BL/6N-Tg(SNCA)129Mjff/J

Phenotype-Neurochemistry:

TBD

Genotype:

Hemizygous

Phenotype-Pathology:

TBD

Strain Type:

Transgenic

References:

<http://jaxmice.jax.org/strain/018442.html>

Allele:

Wild type

Notes:

Transgene expression is detected in the cortex and hippocampus, but not in the kidney.
